

To Whom It May Concern:

It has come to my attention that a new broadcast service has been introduced known as Low Power FM. I have heard that this service could allow some other station to take priority over a radio station that is very dear to my family and me. We listen daily to K-LOVE in Grand Junction, CO. This is a family-oriented station. Parents can have this station on with no fear of what their children may hear or no fear of inappropriate music being heard.

My family has been listening to K-LOVE as long as it has been in our area. We would feel a huge void if the station were not on the air.

In this day and age, parents are having to be very vigilant where their children are concerned. It is difficult to find stations that are 100% family friendly. I feel it the responsibility of not only parents, but our communities to offer clean, family entertainment.

I believe it is in the best interest of our family and our whole community to be able to have the choice of listening to this station.

Please SAVE OUR STATION!

Sincerely yours,

Diane Waite
